eTwinning Outing Ms Borg Year 3.3

The students had the opportunity to learn about eTwinning. They went to Hamrun GP Primary School where they were given a description of what eTwinning consists of. Four pupils who are in year 4 classes and attend our school gave a description regarding the project they did with a class from Ukraine. They shared their nice experiences they had with these pupils. They showed us how much they learned about Ukraine such as the culture, their school, cities in Ukraine, their currency and much more.
